

Morning Briefing 2026-09-30

1. HEADER

Wednesday 30 September 2026. Generated 06:35 BST (London, UTC+1). Data collected approx. 05:15 to 05:45 UTC (06:15 to 06:45 BST) on 30 Sep. Market data blocks refer to closes of 29 Sep unless stated.

2. IMPORTANT NEWS

US long yields hit multi-decade highs. 30Y Treasury above 5.6%, highest since June 2002; 10Y about 5.24% to 5.29%, highest since 2007. (CNBC, Yahoo Finance, Aju Press). Why it matters: pressures equity valuations, mortgage rates near 7.6%.

Trump rejected an Iranian peace proposal. Aimed at ending the conflict and reopening the Strait of Hormuz; war is in its seventh month. (Vanderbilt Report/press summaries). Why it matters: keeps Brent above \$100.

Anthropic IPO prospectus fuels AI chip rally in Europe. Expected IPO this fall, valuation could exceed \$2 trillion. (Invezz, press). Why it matters: tech gains offset yield and oil pressure.

US consumer confidence fell sharply in September, below expectations. (press summaries). Why it matters: growth worries alongside high yields.

August core PCE due today. Consensus core +0.3% m/m, +3.3% y/y; headline +0.5% m/m, +3.7% y/y. (CNBC preview). Why it matters: sets the rates tone into Friday's payrolls.
